

Icons: Food, Spices, & Drinks

by David Baumgart

Richly detailed, hand-painted icons suitable for a strategy game, RPG, or boardgame-like experience. This set is packed with veggies, meats, spices, herbs, and a couple potent potables to round out your feast-filled game. Includes five coffee-themed icons, and several obscure grains!

- 96 icons (so far)
- all icons are 128x128 pixels
- provided on a transparent background for maximum flexibility

Icons are provided as individual alpha-transparency PNG files. All assets are 100% hand-drawn - no risk of copyright infringement.
